Dear Mssrs. Randi, Underdown, Bartholomaus, Rees, Shermer, et al,

Oh fellows, yoo hoo! Do you remember where we started? Well, we're not finished with that yet.

Now, in case your panic has gotten the best of you, let's remember that, first, you accepted the challenge to *duplicate* a photo and a film segment of Meier's UFOs.

If you can all up your meds enough to calm down, allow me to point out that there are actually, dare I mention the word, *scientific* criteria that you have to meet, that Meier's photos and films have *already* met. And the work wasn't done by a bunch of mail-order Dr. Frankenstein's running around debunking little old ladies who see ghosts in their attics.

While you want to do *anything* but belly up to the bar, you're still going to have to meet the first level of challenge...first. Then we'll talk about other evidence and you can let me know what professional (read: real) scientists you would like to have examine it.

Now, you've been offered the photo analysis repeatedly and, repeatedly, turned down the offer. It's a good idea for you to know just what kind of briar patch you've gotten yourselves stuck to. Therefore, in the interest of keeping all of this nice and clean, I am going have the photo analysis posted on my website ([www.theyfly.com](http://www.theyfly.com)) by the beginning of the week. That gives all of you geniuses time to figure out where you want to make like magicians and disappear to.

By the way, for Jimmie Randi, property with a real value in and of itself, and/or sufficient to fulfill the cash amount difference, of your \$1,000,000 is accepted. And for you guys at CFI-West, if you haven't already spent it on disguises and airplane tickets to get out of the country, your \$5,000 is also preferred in straight cash.

Since we're dealing with calendars and dates here, expect appropriate interest to apply starting on the date that the proof was first available (roughly *24 years ago*). I think you'll need a calculator.

Of course, I will proceed to publicize all of this further (you knew that, didn't you) and help make you guys even more famoosier, like I've always promised. To that end, I have several more radio appearances and live lectures, among other

things.

A side note to you all: Please, don't attempt to surrender and turn yourself in to me, I am not in a position to offer you either safe refuge, qualified medical care nor can I direct you to foreign safe houses. You got yourselves into this mess and you'll have to figure out how to get out of it. Remember, honesty is the best policy. And, honestly, you guys is whapped!

UFO Believer Refuses To Back His Claim!  
His failure may cost him over One Million Dollars!

Los Angeles, CA and Fort Lauderdale, FL: On February 27, 2004, the Center for Inquiry-West (CFI-West) and the Independent Investigations Group (IIG) challenged Michael Horn, the self-described Authorized American Representative of the Billy Meier Contacts, to produce a piece of metal that he claims is of manufactured, extraterrestrial origin to be eligible for the IIG's Five Thousand Dollar Paranormal Challenge. Mr. Horn refused.

On March 15, 2004, the James Randi Educational Foundation (JREF) challenged Mr. Horn to present the aforementioned chunk of metal – through any agency or person he chose – to be eligible for the JREF One Million Dollar Paranormal Challenge. Again, Mr. Horn refused.

Despite the vast amount of 'evidence' Mr. Horn claims to possess, he flatly refuses to submit any of it for testing, or to have Mr. Meier produce new evidence under controlled scientific conditions. Why does Michael Horn repeatedly refuse the opportunity for alleged UFO contactee Billy Meier to prove that what he has been saying for the past forty years is true, and in the process collect over one million dollars? And why does he decline to provide this evidence while still constantly and consistently demanding the prize?

A great deal of correspondence has passed between CFI-West, IIG, JREF, and Michael Horn. Mr. Horn's responses have shown both a lack of understanding as to how the scientific process works, and a disregard for the clearly stated rules of the paranormal challenges that he claims to have already won. Instead, he has resorted to circular arguments and ad hominem attacks on our organization. To read the unedited correspondence with Michael Horn, go to [www.iigwest.com/horn.letters.html](http://www.iigwest.com/horn.letters.html).

CFI-West, IIG, and JREF are keeping track of how long Michael Horn refuses to step up to the challenge and produce tangible evidence of extraterrestrial visitation. The IIG website's ([www.iigwest.com](http://www.iigwest.com)) "Investigations" page provides a summary of paranormal investigations that the IIG has been involved in. At the top of the page you will see the "Michael Horn Clock" which will count the number of days that have elapsed since March 15, 2004.
