You're right. We just don't get it. Faking a photo (or reproducing the Meier photos) won't prove that the Meier case is a hoax. All it will prove is that the photos in question CAN be faked, and that is precisely what Randi has stated. And he offered NO RETRACTION of that statement. Nor will he ever.

Of course, should you or anyone else decide to offer any kind of tangible proof regarding the Meier case, we'll certainly investigate it thoroughly.

-Kramer, JREF

To Kramer & Bozos Inc,

Lets get on with your proof... 3 yrs and no substancial information has come from CFI, so please do us all a favor and dont bother with the Meier case, its way TOO challenging for you folks so please let some real skeptics step to the plate and have a crack at something which they will also fail as well. You just dont get it my friend, get on with life and prove to us you can duplicate and make Meiers photos a hoax.

THREE Freaking years and NOTHING has come from you perpetrator magicians..... get on with life and be human for a change.

OOPS, DID I NOT MENTION WENDELLE STEVENS AND CREW ???, remember??.... the initial investigators of the case??.. now kramer, ponder on that one for a while.

Jay
